deployed within their
own agencies to work
on priority tasks

Investing in our skills

Attract, build and retain skills, expertise and talent

We will recruit and develop the capabilities and skills needed to be a diverse, high-performing workforce that facilitates career pathways across an outcomes-focused enterprise

Embrace data, technology and flexible and responsive workforce models

We will lead digital transformation and deploy skills, expertise and talent to where it is needed to deliver the outcomes that the Government and Australians expect

Instil integrity and purposeful leadership

We will recognise the role our leadership plays in shaping our behaviours, purpose and delivery of outcomes, and be renowned for our integrity and citizen-centric focus
