[REDACTED]

Just because your feelings are hurt doesn't absolve you of your legislated obligations. I could (not that I would do this, this is not a threat I would not do this, I'm just trying to explain the concept) come around and stab any one of you, and you would still have to action my claim as per the legislation. Being offended, or getting stabbed or anything like this is not a reason to fail to perform your duties.
